

# Teacher Feedback Report

**PROVEN  
RESULTS  
DATA  
DRIVEN**

We take the individual performance of each student and aggregate the data to show you where teachers should focus their test preparation efforts.

These reports can be displayed at the classroom, school, or district level. Separate reports can be generated for each area of the SAT®, ACT®, or PSAT®.

## 5 STEPS TO TEST PREP SUCCESS

### Understand the Test

We take time to understand the test structure which helps students become familiar with the test format. This alleviates test anxiety.

### Take a Real Test

Take a test under realistic conditions. This ensures students receive a precise diagnosis that results in an accurate understanding of their weakest skills.

### Score and Analyze

Students receive a Skills Feedback Report tailored to their needs. We spend time scoring and analyzing the results. Students see the specific skills they need to focus on.

### Review Skill Deficiencies

Once students discover their weakest skills, they review those specific skills through lessons and quizzes. Each lesson targets exactly what is needed to be successful.

### Develop Test-Taking Strategies

This is a great wrap-up. Students go back and rework the questions they got wrong on the diagnostic test and develop successful test taking strategies. This critical step helps build student confidence and ensures test taking success.

**Test Score Summary**

Crit. Read: 680	Math: 610	Writing: 620 Multiple-Choice: 62 Essay: 4 out of 6
Total: 1910		

Critical Reading, Math, and Writing scores range from 200 to 800. The maximum total score is 2400. The multiple-choice writing score ranges from 20 to 80. The essay counts for approximately 30% of your writing score. If you have not written essay, a total writing score will not be reported. The essay is scored on a scale from 1-6. To determine your essay score out of 12, double your score.

**Critical Skills Analysis**  
 Your critical skills are your WEAKEST SKILLS based on the number of questions you answered incorrectly or left blank. Work on these skills first to raise your score the most in the least amount of time. By answering just one more question correctly in each critical skill the next time you take the SAT, you'll raise your score by more than 100 points.

<b>Crit. Read</b>	<b>Math</b>	<b>Writing</b>
Making Inferences	Basic Math Skills	Sentence Construction
Vocabulary in Context	Analyzing Information	Grammar Usage and Mechanics
Text Development	Functions	Organization and Development
Contrast	Linear Equations	

**Level of Difficulty**

Level	Critical Reading			Level	Math			Level	Writing		
	Right	Wrong	Blank		Right	Wrong	Blank		Right	Wrong	Blank
Easy	15	4	0	Easy	15	0	5	Easy	8	6	
Medium	28	3	0	Medium	12	0	5	Medium	22	4	
Hard	15	2	0	Hard	11	0	6	Hard	9	0	

Each SAT question has a level of difficulty ranging from EASY to MEDIUM to HARD. Understanding your performance by level of difficulty is an important aspect of improving your score. Refer to Test-Taking Strategies to learn more about Level of Difficulty.

The following is a complete breakdown of your performance on each of the skills tested by the SAT. After you finish working on your critical skills you may want to work on additional skills to raise your score even higher.
